

HIGH END SERVICES

Retouching and Layout

Image manipulation and multi-image composites have always been a major part of our business, well before the emergence of computerised digital imaging and manipulation as we know it today. Whilst having state-of-the-art specialised equipment and the best available software is extremely important, Vision Imagelab has always held the belief that it is the technicians who are the most crucial link in the digital imaging chain.

Our digital image retouching and layout staff are all highly experienced technicians with strong photographic backgrounds and keen attention to detail, which we feel provides the best of both worlds.

We offer three levels of this service, available as follows.

Restoration Repair and Standard Retouching

SERVICE TIME 3-5 days

Over fifteen years of experience has seen us develop an expertise in the digital restoration and reproduction of old or damaged photographs, illustrations and artwork. Treasured images can be returned to near original condition ensuring they can be used and enjoyed for generations to come. Obviously we can work with colour, black and white and toned images. Completed works can then be reprinted onto a variety of media and archived onto CD or DVD at a very reasonable cost, thereby ensuring your precious memories gain a whole new lifespan.

173.25 per hour

All work by quotation only - please see our receptionists to organise a quote.

Creative Retouching

SERVICE TIME 3-5 days

Our most experienced and talented digital artists can create superb, reproduction quality adjustments or enhancements to your images for use in advertising, display and exhibition environments. Montages or composites can be produced from any number of individual elements with seamless perfection.
